Course Introduction and Application Information

Course Code:	UNI375		
Course Name:	Historical Environment Culture		
Semester:	Spring Fall		
Course Credits:	<div>ECTS</div> <div>5</div>		
Language of instruction:	Turkish		
Course Condition:			
Does the Course Require Work Experience?:	Yes		
Type of course:	University Elective		
Course Level:	<div>Bachelor</div> <div>TR-NQF-HE:7. Master`s Degree</div> <div>QF-EHEA:Second Cycle</div> <div>EQF-LLL:7. Master`s Degree</div>		
Mode of Delivery:	Face to face		
Course Coordinator:	Öğr. Gör. ZUHAL AYANOĞLU		
Course Lecturer(s):	Lecturer Zuhale AYANOĞLU		
Course Assistants:			

Course Objective and Content

Course Objectives:	The aim of this course is to address the concept of historical environmental culture in the light of information, documents and data obtained from the past to the present and to convey how the awareness of protecting the historical environment should be created.
Course	This course; includes topics that address the concept of historical environment, which is

Content:	<p>considered as a great accumulation in terms of reflecting the social, cultural and economic structure, lifestyle and philosophy of past periods, and the accuracy of the relationship established between nature-building and building-human relations, as well as historical environmental awareness and conservation understanding in different dimensions.</p> <p>Understanding the main theme of the course will be supported by on-site investigations in the field during the course.</p>
----------	--

Learning Outcomes

The students who have succeeded in this course;

- 1) Learn the concept of historical environmental culture and the understanding of historical environment.
- 2) Have knowledge about the understanding of historical environmental culture and historical environmental protection.
- 3) Interpret the theories regarding the protection of the historical environment.
