### **Course - Program Learning Outcome Relationship**

## Course Learning Outcomes

Program Outcomes

1) It has a wide range of interdisciplinary approaches to management information systems, primarily business and computer engineering.

2) Comprehends the management information systems in terms of technical, organizational and managerial aspects and uses the current programming language by knowing the logic of programming.

3) Uses different information technologies and systems for understanding and solving various business problems.

4) Interpret the data, concepts and ideas in the field of management information systems with scientific and technological methods.

5) Analyze the needs for an information system and analyze the processes of analysis, design and implementation of the database.

6) Gains technical and managerial contributions to IT projects and takes responsibility.

7) Solve complex business and informatics problems by using various statistical techniques and numerical methods and make analyzes using statistical programs effectively.

8) Uses a foreign language at the B1 General Level in terms of European Language Portfolio criteria according to the level of education.

9) Develops teamwork, negotiation, leadership and entrepreneurship skills.

10) Has universal ethical values, social responsibility awareness and sufficient legal knowledge.

11) Develops positive attitudes related to lifelong learning and identifies individual learning needs and carries out studies to correct them.

12) Students will be able to communicate their ideas and solutions both written and orally, and present and

publish them on both national and international platforms. Course Learning Outcomes

13) It uses information and communication technologies together with computer software at the advanced level of European Computer Driving License required by the field.

## **Course - Learning Outcome Relationship**

| No Effect | 1 Lowest | 2 Average | 3 Highest |
|-----------|----------|-----------|-----------|
|           |          |           |           |

|     | Program Outcomes   | Level of<br>Contribution |
