### Course Objective and Content

|                    |                                                                                                                                                                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Course Objectives: | Taking the academic program of the students into consideration, academic reading and writing exercises are carried out in order to improve students' reading and writing skills. It is aimed for students to be able to reach a level where they can do researches related to their own departments. |
| Course Content:    | Course content consists of activities aimed at improving the reading, writing, listening and speaking skills of the students.                                                                                                                                                                        |

### Learning Outcomes

The students who have succeeded in this course;

- 1) Students are able to read simple texts that are overlapping with interest or professional subjects, and understand the basic idea in a text.
- 2) Students can understand written and oral expressions based on common subjects in daily life.
- 3) Students can handle most situations, such as shopping or address recipes, which require a foreign language to communicate when it is spoken or when traveling.
- 4) Students can write texts that are simple, but inter-ideas, in the subjects of personal interest.
- 5) Students can transfer experiences, talk about their dreams and wishes, briefly explain their thoughts and plans.

### Course Flow Plan

| Week | Subject                                              | Related Preparation  |
|------|------------------------------------------------------|----------------------|
| 1)   | Past tense, used to for habitual actions             | Interchange 2 Unit 1 |
| 2)   | Expressions of quality with count and noncount nouns | Interchange 2 unit 2 |
| 3)   | Evaluations and comparisons with adjectives          | Interchange 2 unit 3 |
| 4)   | Simple Past vs. Present Perfect                      | Interchange 2 unit 4 |
| 5)   | Future with be going to and will                     | Interchange 2 unit 5 |

|     |                                                 |                               |
|-----|-------------------------------------------------|-------------------------------|
| 6)  | Two part verbs                                  | Interchange 2 unit 6          |
| 7)  | Gerunds and Infinitives                         | Interchange 2 unit 7          |
| 8)  | Midterm Week                                    |                               |
| 9)  | Adverbial clauses of time                       | Interchange 2 unit 8          |
| 10) | Conditional sentences                           | Interchange 2 unit 9          |
| 11) | Short sentences.                                | Interchange 2 unit 10.        |
| 12) | Passive Voice. Past Simple vs. Past Continuous. | Interchange 2 unit 11 and 12. |
| 13) | Relative pronouns for people. Modal filler.     | Interchange 2 unit 13 and 14. |
| 15) | Unreal conditional sentences. Reported speech.  | Interchange 2 unit 15 and 16. |
| 15) | Final Week                                      |                               |
| 16) | Final Week                                      |                               |
