

Management Information Systems			
Bachelor	TR-NQF-HE: Level 6	QF-EHEA: First Cycle	EQF-LLL: Level 6

Course Introduction and Application Information

Course Code:	DIL603		
Course Name:	French 3		
Semester:	Fall		
Course Credits:	<div>ECTS</div> <div>5</div>		
Language of instruction:	English		
Course Condition:	DIL602 - Fransızca 2		
Does the Course Require Work Experience?:	No		
Type of course:	University Elective		
Course Level:	<div>Bachelor</div> <div>TR-NQF-HE:6. Master`s Degree</div> <div>QF-EHEA:First Cycle</div> <div>EQF-LLL:6. Master`s Degree</div>		
Mode of Delivery:	Face to face		
Course Coordinator:	Öğr. Gör. MERVE KESKİN		
Course Lecturer(s):			
Course Assistants:			

Course Objective and Content

Course Objectives:	To have the students acquired the skills of grammar, vocabulary, listening, writing, speaking, and vocational language in a pre-intermediate level.

Course - Program Learning Outcome Relationship

Course Learning Outcomes	1	2	3	4	5
Program Outcomes					
1) It has a wide range of interdisciplinary approaches to management information systems, primarily business and computer engineering.					
2) Comprehends the management information systems in terms of technical, organizational and managerial aspects and uses the current programming language by knowing the logic of programming.					
3) Uses different information technologies and systems for understanding and solving various business problems.					
4) Interpret the data, concepts and ideas in the field of management information systems with scientific and technological methods.					
5) Analyze the needs for an information system and analyze the processes of analysis, design and implementation of the database.					
6) Gains technical and managerial contributions to IT projects and takes responsibility.					
7) Solve complex business and informatics problems by using various statistical techniques and numerical methods and make analyzes using statistical programs effectively.					
8) Uses a foreign language at the B1 General Level in terms of European Language Portfolio criteria according to the level of education.					

9) Develops teamwork, negotiation, leadership and entrepreneurship skills. Course Learning Outcomes	1	2	3	4	5
10) Has universal ethical values, social responsibility awareness and sufficient legal knowledge.					
11) Develops positive attitudes related to lifelong learning and identifies individual learning needs and carries out studies to correct them.					
12) Students will be able to communicate their ideas and solutions both written and orally, and present and publish them on both national and international platforms.					
13) It uses information and communication technologies together with computer software at the advanced level of European Computer Driving License required by the field.
