Course Objective and Content

Course Objectives:	The aim is to teach more complex features of the Turkish sentence structure with its extended vocabulary with special emphasis on tenses, case endings and certain structures necessary for fluent communication.. This course will make the students practice writing through short texts in order to improve the basic writing skills.

Course	Mainly reading and listening activities are done by focusing on vocabulary items and grammar structures in Turkish. Daily conversational routines are taught and practiced as group or pair activities in the classroom. In addition, in order to improve students' writing skills, they are given a short writing exercise or homework in parallel to the subject every week.
