

## Sports and Leisure Facilities

As the Student Centre, we aim to spread and develop the sports culture at our University with the principle of "Istinian is an Athlete" in our manifest. For this purpose, we take part in local and national tournaments with our sports teams and individual athletes in more than 10 different branches.

At our Topkapı Campus the multi-purpose outdoor sports area, our gymnasium called ÖMERGym where you can do fitness activities, and the multi-purpose indoor sports hall located at our South Campus are put into the service of our students free of charge.
