

Dentistry (English)			
Bachelor	TR-NQF-HE: Level 6	QF-EHEA: First Cycle	EQF-LLL: Level 6

## Admission Requirements

In order to enroll in the program, it is necessary to be successful by getting the base score determined in the exams organized by OSYM. A student studying in an equivalent program in the country or abroad can apply for lateral transfer if a quota is opened by the university. Student admission takes place as a result of the evaluation of the success status of the students who apply. Students coming from abroad can register within the scope of student exchange programs approved by the university and the boundaries of which are determined by an agreement. Students are required to document their English Language Proficiency in order to enroll in the program. International students will be admitted to this program with the results of internationally valid exams such as SAT, ACT or secondary school graduation grades within the framework of the "Application, Admission and Registration Directive for Students from Abroad or Foreign Nationals".
