

Chemistry (English)

Bachelor

TR-NQF-HE: Level 6

QF-EHEA: First Cycle

EQF-LLL: Level 6

Occupational Profile of Graduates

Our graduates with the title of Chemist can work in cement, sugar and rubber factories, pharmaceutical, textile and food industries, environmental and public health institutions, chemical product and laboratory equipment sales and service companies, plastic and paint production-related fields, and all branches of the industry, as well as in various government institutions. Additionally, due to the research-oriented structure of our department, graduates have the opportunity to advance academically in related fields and work as academicians or as scientists in the research units of companies.
