Medicine			
Bachelor	TR-NQF-HE: Level 7	QF-EHEA: Second Cycle	EQF-LLL: Level 7

Program Information

Istinye University was founded by The 21st Century Anatolia Foundation in 2015 which is established by MLPCare, a group with nearly 30 years of experience in healthcare sector and brought three different hospital brands, "Liv Hospital", “Medical Park " and "VM Medical Park" under the same roof. The Faculty of Medicine started its education after its approval published in official gazette of the state dated 04.23.2015. To conduct clinical research and applied education, Liv Hospital Bahceşehir has been established as Istinye University’s Applied Medicine and Research Centre in 12.12.2016. Medical Park Gaziosmanpaşa Hospital was added as an additional university hospital in 06.16.2017. In the academic year of 2018-2019, our faculty started its Medicine Programme in English. In 2020-2021 Academic year, Artificial Intelligence minor Programme has been established through our collaboration with the Faculty of Engineering for our successful and enthusiastic students.
