Program Information

Istinye University Faculty of Pharmacy offers two educational programs, i.e., English and Turkish. Our Turkish Pharmacy education program accepted its first students in the 2017/2018 academic year and our English Pharmacy education program accepted its first students in the 2018/2019 academic year. Students have graduated from both programs.

The content of both programs is identical and covers 5 years of education and 300 ECTS. Our curriculum includes theoretical courses, applied courses, internships and graduation project courses. There are also "İstinyelik manifestosu" courses that encourage lifelong learning and elective courses that encourage personal development.
