

Chemistry (English)

Bachelor

TR-NQF-HE: Level 6

QF-EHEA: First Cycle

EQF-LLL: Level 6

Program Information

The undergraduate program in Chemistry begins with fundamental courses such as general chemistry, mathematics, physics and followed by courses as organic chemistry, analytical chemistry, inorganic chemistry, physical chemistry, biochemistry, industrial chemistry and instrumental analysis. In the last two years of education, students can specialize in specific areas of interest within Chemistry through various elective courses.
