

Architectural Design (Master) (with Thesis) (English)

Master

TR-NQF-HE: Level 7

QF-EHEA: Second Cycle

EQF-LLL: Level 7

Program Information

The graduate programme aims to re-question architectural thought as a critical, experimental field. It aims to open a space that questions and diversifies the tools of design thinking. The program also aims to create approaches that seek answers to intellectual, ecological and technological transformations in the world.
