

Chemistry (English)			
Bachelor	TR-NQF-HE: Level 6	QF-EHEA: First Cycle	EQF-LLL: Level 6

## Vision and Mission of the Program

The vision of the Chemistry Department is to be one of the leading departments in Chemistry nationally and internationally, with graduates who are sought after in research and development projects, and who excel in education both in our country and around the world.

The mission of the Chemistry Department is to educate chemists who have acquired the ability for independent learning and research, keep abreast of developments in chemical technologies, possess social awareness and universal ethical values, can work interdisciplinary, and have international competence. The department aims to produce original scientific outputs, serve society directly by addressing the problems in the chemistry fields, and be a solution partner at the international level.
