Political Science and International Relations (Master) (with Thesis) (English)			
Master	TR-NQF-HE: Level 7	QF-EHEA: Second Cycle	EQF-LLL: Level 7

Vision and Mission of the Program

The primary aim of our master's programme is to serve the above mentioned need with experts who not only have the basic knowledge and scientific perspective of this field but are capable of understanding and interpreting international developments analytically. The graduates of the MA programme are expected to have acquired academic knowledge on historical and current topics of interest of political science and international relations and to apply this knowledge in their fields of expertise.
